

Dihydro Jasmone

Olfactive Description

Floral, fresh, hebal

Olfactive Family

Floral

Usage Recommendations

Fits very well in all floral accords like Jasmin, Tuberose, but also in fresh citrusy woody compounds where it completes the link between citrus and woody materials with a light floral aspect. The flavorist will find this material very useful in fruity notes, but also in honey and sugar flavors.

Dosage Recommendations

The dosage varies from traces up to 1%
