

Hexalactone delta

Olfactive Description

Fruity, creamy, Hazelnut

Olfactive Family

Fruity

Usage Recommendations

This lactone has a nice character of sweet and warm chocolate with fruity aspects. In fragrance, it gives some warmth to fruity and/or floral compounds. It fits also very well with woody accords. In flavors, this material gives very natural and rounding off effects of vanilla without being fatty.

Dosage Recommendations

The dosage varies from traces up to 10%

Renewable Carbon Content

-

Food Grade

Yes

Use In Fragrance

Yes
