

Ambrettolide HC Suprême

OXACYCLOHEPTADEC-10-EN-2-ONE

Olfactive Description

Olfactive Family

Musk

MUSK (AMBRETTE SEEDS OIL), FLORAL, CLEAN, WHITE, SOFT, POWDERY, WARM, SLIGHTLY SOAPY.

Ambrettolide HC Suprême is a refined, high-purity ingredient with a striking olfactive profile. It maintains the signature musky and floral essence of Ambrettolide HC but offers an even cleaner, more polished olfactive impression. This enhanced purity elevates the „Ambrette“ character, creating a brighter and more radiant fragrance with a subtle powdery softness. Ambrettolide HC Suprême shows the rich depth of Ambrette seed oil while delivering a smoother and more impactful sensory experience.

USAGE RECOMMENDATIONS

Ambrettolide HC Suprême was created to bring outstanding value to fine fragrance compositions. The distinctive olfactory characteristic of Ambrettolide HC Suprême helps the creative perfumer to give naturalness to a composition. Ambrettolide HC Suprême combines very well with animalic notes; in accords containing indole or paracresol derivatives, for example, it provides a „naturalness“ with ambrette seed oil aspects. Ambrettolide HC Suprême rounds off the aggressive effect and makes the fragrance milder without taking away its strength.

DOSAGE RECOMMENDATIONS

In flavor applications, the dosage can be up to: 10 ppm

In fragrance applications, the dosage can be up to: 10 ppm
